Campaign Spending: [List of Filers](#)

Being elected to the County Council is another means for me to serve the people of Maui County.

Build homes and apartments for the working people which is affordable to purchase for \$250,000 to \$275,000 and rental for \$550 to \$850 a month. This will ensure that working people in the retail, service, skilled profession and public sector can remain in Maui and can raise their families.

I believe in Smart Growth for improvement to our infrastructure (roads, public transportation, airport security and safety, emergency and medical services) water, parks, and schools all being part of the Master Plan.

I would focus on the need to not only catch up, but get ahead in these areas.

I would work on the development of new water sources and formulate a conservation plan.

I would work hard to improve our educational system. Our children's future depends on this.

I would work with Maui's Finest, Maui Police Department to reduce crime in our community.

I would work to make Maui the leader in Ethanol fuel, renewable energy, solar and wind energy sources.

I would work hard to sustain our agriculture industry by having food grown here in Maui County to help our farmers remain viable.
